(2) Clause 4 (2) (c) of the Regulation is amended by striking out “a report to which subsection 23 (3), 24 (2), 30 (5) or 32 (16) applies” and substituting “a report to which subsection 22 (1.2), 23 (3), 24 (2), 30 (5) or 32 (16) applies”.

(138-G1099) LAUREL C. BROTEN
Minister of the Environment

Declaration - Ministry Of The Environment MOE 41/2

Having received a request from the Ministry of the Environment that an undertaking, namely:

activities related to clean-up and/or remedial work being carried out by the Ministry of the Environment as a result of:

- (a) an instruction, approval or order being issued under the *Environmental Protection Act*, *Ontario Water Resources Act*, *Pesticides Act*, *Safe Drinking Water Act*, 2002, or *Nutrient Management Act*, 2002, requiring the work be done and it is not being done by the person required to do it, or
- (b) the Ministry of the Environment determining it is necessary to do the work under this declaration order;

and those activities are necessary because of an immediate risk of:

- (i) danger to the health or safety of any person;
- (ii) impairment or serious risk of impairment of the quality of the natural environment for any use that can be made of it; or
- (iii) injury or damage or serious risk of injury or damage to any property or to any plant or animal life.

be declared not subject to the *Environmental Assessment Act* (the Act) and its regulations, pursuant to section 3.2; and

Having been advised by the Ministry of the Environment that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Declaration Order applies to situations which present an immediate risk of danger to the health or safety of any person, impairment of the natural environment, or injury or damage to property, or to any plant or animal life.
- B. The time required to prepare environmental assessments and seek approval under the Act would significantly delay the implementation of the undertaking, thereby exacerbating the risk of damage to the health or safety of any person, impairment of the natural environment, or injury or damage to property, or to any plant or animal life.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the

protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to declare and declares that the undertaking is not subject to the application of the Act for the following reason(s):

- A. The activities involved in the undertaking will result in minimizing the potential for the injury and damage which are stated above.
- B. The various instructions, approvals and orders which may be issued under the *Environmental Protection Act*, *Ontario Water Resources Act*, *Pesticides Act*, *Safe Drinking Water Act, 2002*, and the *Nutrient Management Act, 2002*, will, where appropriate, include conditions requiring these activities to be being carried out in a safe manner.

This Declaration Order is subject to the following terms and conditions:

1. Where the undertaking, which is being carried out under this Declaration Order, is the subject of another Declaration Order, or is an undertaking that has been approved under the Act, the undertaking shall be subject to the terms and conditions of this Declaration Order, and any other terms or conditions of the other Declaration Order or approval shall not apply.
2. The Director of the appropriate Regional Office of the Ministry of the Environment shall provide notice, to any potentially affected local communities, property owners and municipalities, of the activities carried out by the Ministry of the Environment as part of any clean-up and/or remedial work and which is carried out in reliance on this Declaration Order, as soon as possible. In addition the Director shall prepare a report describing the activities. This report shall be filed with the Director of the Environmental Assessment and Approvals Branch of the Ministry of the Environment within 30 days of the completion of the activities, and the Director of the Environmental Assessment and Approvals Branch shall provide notification of the activities to the general public.
3. A review of the Declaration Order shall be undertaken by the Ministry of the Environment every five years from the date of this approval in order to review its implementation. The Ministry of the Environment will provide, by letter, to the Director of the Environmental Assessment and Approvals Branch, the results of the review. This review will include a summary of the activities undertaken according to the Declaration Order, a summary of any issues that arose during the review period, and a detailed account of how the issues will be addressed, for review by the Director of the Environmental Assessment and Approvals Branch. The review may also include recommendations for amendments to this Declaration Order.
4. This order will be published in The Ontario Gazette.

This Declaration Order comes into force on December 10, 2005 and replaces the exemption contained in Ontario Regulation 753/92 which addressed the same activities.

1. Section 506 of Regulation 183 of the Revised Regulations of Ontario, 1990 is amended by adding the following heading and subsection:

INSTALMENT BASE

(0.1) This section applies only in respect of taxation years commencing before January 1, 2006.

2. The Regulation is amended by adding the following section:

507. (1) For the purposes of subsection 78 (8) of the Act,

“first instalment base” means, in respect of a corporation for a particular taxation year commencing after December 31, 2005, the amount determined under this section;

“second instalment base” means, in respect of a corporation for a particular taxation year commencing after December 31, 2005, the amount determined under this section.

(2) For the purposes of the definition of “first instalment base” in subsection (1) and except as otherwise provided in this section, the amount of a corporation’s first instalment base for a taxation year is the product obtained when the amount of tax payable by the corporation under the Act for its immediately preceding taxation year is multiplied by the ratio of 365 to the number of days in its immediately preceding taxation year.

(3) For the purposes of the definition of “second instalment base” in subsection (1) and except as otherwise provided in this section, the amount of a corporation’s second instalment base for a taxation year is the amount of its first instalment base for its immediately preceding taxation year.

(4) If the number of days in the taxation year immediately preceding the particular taxation year of a corporation is less than 183, the amount of the corporation’s first instalment base for the particular taxation year is the greater of,

- (a) the amount that would be its first instalment base as otherwise determined under this section; and
- (b) the amount determined by multiplying the amount of tax payable by the corporation under the Act for its last prior taxation year that had more than 182 days by the ratio of 365 to the number of days in that prior taxation year.

(5) If the corporation is a new corporation formed as a result of an amalgamation within the meaning of section 87 of the *Income Tax Act* (Canada),

- (a) the amount of its first instalment base for its first taxation year is the sum of all amounts, each of which is the product of the tax payable under the Act by a predecessor corporation, within the meaning of section 87 of the *Income Tax Act* (Canada), for the predecessor corporation’s last taxation year multiplied by the ratio of 365 to the number of days in the predecessor corporation’s last taxation year;
- (b) the amount of its second instalment base for its first taxation year is the sum of all amounts each of which is the first instalment base of a predecessor corporation for its last taxation year;
- (c) the amount of its first instalment base for its second taxation year is,

4. The amount of the parent’s second instalment base, as otherwise determined under this section, for its first taxation year after the taxation year that includes the particular time shall be increased by the amount of the subsidiary’s first instalment base for its taxation year that includes the particular time.

(9) Subject to subsection (10), the following rules apply if, at a particular time, a corporation, referred to in this subsection as the "transferor", has disposed of all or substantially all of its property to another corporation, referred to in this subsection as the "transferee", with whom the transferor was not dealing at arm's length and subsection 85 (1) or (2) of the *Income Tax Act* (Canada) applies in respect of the disposition of any of the property:

4. The amount of the transferee's second instalment base, as otherwise determined under this section, for its first taxation year after the taxation year that includes the particular time shall be increased by the amount of the transferor's first instalment base for its taxation year that includes the particular time.

(10) Subsection (9) does not apply at any time before the particular time referred to in that subsection in determining the amount of the transferee's first instalment base or second instalment base for the purposes of section 78 of the Act.

(11) The following rules apply if a particular taxation year of a corporation is the first or second taxation year in which section 83.1 of the Act applies to the corporation:

1. The amount of the corporation's first instalment base, as otherwise determined under this section, for the first taxation year in which section 83.1 of the Act applies to it shall be increased by the sum of all amounts, if any, each of which is the product of an amount payable to the Financial Corporation under subsection 90 (1) or 93 (2) of the *Electricity Act, 1998* by the corporation or by a predecessor corporation, within the meaning of section 83.1 of the Act, for the immediately preceding taxation year multiplied by the ratio of 365 to the number of days in the immediately preceding taxation year.
2. The amount of the corporation's second instalment base, as otherwise determined under this section, for the first taxation year in which section 83.1 of the Act applies to it shall be increased by the amount, if any, by which the corporation's first instalment base for its immediately preceding taxation year would have been increased under paragraph 1 if its immediately preceding taxation year had been the first taxation year in which section 83.1 of the Act applied to the corporation.
3. The amount of the corporation's second instalment base, as otherwise determined under this section, for the taxation year immediately after the first taxation year in which section 83.1 of the Act applies to it is the amount of the corporation's first instalment base for the first taxation year in which section 83.1 of the Act applies to it.
4. If the taxation year of the corporation or of a predecessor corporation that immediately precedes the first taxation year of the corporation in which section 83.1 of the Act applies to the corporation is less than 183 days, the corporation's first instalment base for its first taxation year in which section 83.1 of the Act applies shall be increased by the greater of,

(12) In this section, a reference to the amount of tax payable under the Act by a corporation for a taxation year is a reference to the amount of tax that would have been payable under the Act if no amount in respect of any loss for a later taxation year were deductible in determining the corporation's taxable income for the taxation year.

3. The worker is performing hot work. All the following conditions are satisfied:
 - i. In the case of an explosive or flammable gas or vapour, the atmospheric concentration is less than 5 per cent of its lower explosive limit, as determined by a combustible gas instrument.
 - ii. The atmosphere in the confined space does not contain, and is not likely to contain while a worker is inside, an oxygen content greater than 23 per cent.
 - iii. The atmosphere in the confined space is monitored continuously.
 - iv. The entry permit includes adequate provisions for hot work and corresponding control measures.
 - v. An adequate alarm system and exit procedure are provided to ensure that workers have adequate warning and are able to exit the confined space safely if either or both of the following occur:
 - A. In the case of an explosive or flammable gas or vapour, the atmospheric concentration exceeds 5 per cent of its lower explosive limit.
 - B. The oxygen content of the atmosphere exceeds 23 per cent by volume.

(5) Subsections (3) and (4) do not apply if,

 - (ii) is monitored continuously to ensure that it remains inert; and
- (b) a worker entering the confined space uses,
 - (i) adequate respiratory protective equipment,
 - (ii) adequate equipment to allow persons outside the confined space to locate and rescue the worker if necessary, and
 - (iii) such other equipment as is necessary to ensure the worker's safety.

(6) The equipment mentioned in subclauses (5) (b) (i), (ii) and (iii) shall be inspected by a person with adequate knowledge, training and experience, appointed by the employer, and shall be in good working order before the worker enters the confined space.

Ventilation and purging

20. (1) This section applies only in respect of atmospheric hazards described in clause (b) or (c) of the definition of “atmospheric hazards” in section 1.

(2) If atmospheric hazards exist or are likely to exist in a confined space, the confined space shall be purged, ventilated or both, before any worker enters it, to ensure that acceptable atmospheric levels are maintained in the confined space while any worker is inside.

(3) If mechanical ventilation is required to maintain acceptable atmospheric levels, an adequate warning system and exit procedure shall also be provided to ensure that workers have adequate warning of ventilation failure and are able to exit the confined space safely.

(4) If compliance with subsection (2) is not practical in the circumstances for technical reasons,

(a) compliance with subsection (3) is not required; and

(b) a worker entering the confined space shall use,

(i) adequate respiratory protective equipment,

(ii) adequate equipment to allow persons outside the confined space to locate and rescue the worker if necessary, and

(iii) such other equipment as is necessary to ensure the worker's safety.

(5) The equipment mentioned in subclauses (4) (b) (i), (ii) and (iii) shall be inspected by a person with adequate knowledge, training and experience, appointed by the employer, and shall be in good working order before the worker enters the confined space.

Records

21. (1) The employer shall retain every assessment, plan, co-ordination document under section 4, record of training under subsection 8 (5) or 9 (2), entry permit under section 10, record of an inspection under subsection 12 (2) and record of a test under section 18, including records of each sample, for the longer of the following periods:

1. One year after the document is created.

2. The period that is necessary to ensure that at least the two most recent records of each kind that relate to a particular confined space are retained.

(2) If section 4 applies, the documents described in subsection (1) shall be retained by the employer responsible for creating them.

Amending O. Reg. 424/97

(Commercial Motor Vehicle Operators' Information)

Note: Ontario Regulation 424/97 has previously been amended. Those amendments are listed in the Table of Regulations – Legislative History Overview which can be found at www.e-Laws.gov.on.ca.

1. Part I of Ontario Regulation 424/97 is amended by adding the following sections:

1.1 (1) A commercial motor vehicle for which number plates have been issued by another Canadian jurisdiction is exempt from section 16 of the Act if,

- (a) it is operated under the authority of a valid safety fitness certificate, within the meaning of the *Motor Vehicle Transport Act* (Canada), issued by the other jurisdiction; or
- (b) it is required by the *Motor Vehicle Transport Act* (Canada) or the laws of the other jurisdiction to have a safety fitness certificate issued by the other jurisdiction.

(2) It is a condition of the exemption in clause (1) (a) that the driver of the commercial motor vehicle surrender the safety fitness certificate referred to in that subsection, or a copy of it, and, if the vehicle is leased, the lease or a copy of it, on the demand of a police officer.

(3) If the commercial motor vehicle has been issued number plates from a jurisdiction that does not issue safety fitness certificate documentation, the driver of the commercial vehicle may provide the police officer with the safety fitness certificate number and sufficient information to check its validity instead of surrendering the safety fitness certificate as required by subsection (2).

(4) The lease referred to in subsection (2) must identify the leased vehicle, the parties to the lease and their addresses, the operator of the vehicle and the operator's safety fitness certificate number.

3.1 It is a term of every CVOR certificate that it is a safety fitness certificate for the purpose of the *Motor Vehicle Transport Act* (Canada).

2. Part II of the Regulation is amended by adding the following sections:

10.1 (1) The Registrar shall recognize the safety rating for an operator issued by another province or territory of Canada instead of assigning a safety rating under this Regulation if the operator is an extra-provincial motor carrier undertaking and the Registrar has not issued number plates for any of its commercial motor vehicles.

(2) If the Registrar, before January 1, 2006, assigned a safety rating for an operator described in subsection (1), that safety rating is cancelled as of January 1, 2006.

15.1 (1) The Registrar may assign an Unsatisfactory rating to an operator if the Registrar has reason to believe that the operator does not have the minimum liability insurance coverage required by law in respect of bodily injury, death or loss or damage to property of other persons, other than cargo.

(2) Failure by the operator to promptly and adequately respond to a request by the Registrar that the operator prove that it has the required insurance is sufficient reason for the Registrar to believe that the operator does not have the required insurance for the purpose of subsection (1).

(3) After assigning an Unsatisfactory rating to an operator, the Registrar shall not assign a different rating to the operator unless the operator proves to the Registrar that it does have the required insurance.

(4) If, after being assigned an Unsatisfactory rating under this section, the operator proves to the Registrar that it has the required insurance, the Registrar may assign a higher rating to the operator immediately after the assignment of an Unsatisfactory rating under this section.

(5) If the Registrar assigns a Conditional rating to an operator immediately after assigning the operator an Unsatisfactory rating under this section, the Registrar may, despite subsection 14 (3), assign a new rating to replace the Conditional rating at any time that the Registrar considers appropriate.

(6) In this section,

“required insurance” means the minimum liability insurance coverage required by law in respect of bodily injury, death or loss or damage to property of other persons, other than cargo.

**SCHEDULE 1
UNIFORM CONDITIONS OF CARRIAGE — GENERAL FREIGHT**

1. Liability of Carrier

The carrier of the goods described in this contract is liable for any loss of or damage to goods accepted by the carrier or the carrier's agent except as provided in this Schedule.

2. Liability of Originating and Delivering Carriers

Where a shipment is accepted for carriage by more than one carrier, the originating carrier and the carrier who assumes responsibility for delivery to the consignee (called the delivering carrier in this Schedule), in addition to any other liability under this Schedule, are liable for any loss of or damage to the goods while they are in the custody of any other carrier to whom the goods are delivered and from which liability the other carrier is not relieved.

3. Recovery from Connecting Carriers

- i. The originating carrier or the delivering carrier, as the case may be, is entitled to recover from any other carrier to whom the goods are delivered the amount that the originating carrier or delivering carrier, as the case may be, is required to pay for the loss of or damage to the goods while they were in the custody of such other carrier.
- ii. If there is a concealed damage settlement and the goods were interlined between carriers so that it is not clear as to who had custody of the goods when they were damaged, the originating carrier or delivering carrier, as the case may be, is entitled to recover from each of the connecting carriers an amount prorated on the basis of each carrier's revenue for carriage of the damaged goods.

4. Remedy by Consignor or Consignee

Nothing in Article 2 or 3 deprives a consignor or consignee of any rights the consignor or consignee may have against any carrier.

5. Exceptions from Liability

The carrier shall not be liable for loss, damage or delay to any of the goods described in the contract of carriage caused by an act of God, the Queen's or public enemies, riots, strikes, a defect or inherent vice in the goods, an act or default of the consignor, owner or consignee, authority of law, quarantine or difference in weights of grain, seed or other commodities caused by natural shrinkage.

6. Delay

No carrier is bound to carry goods by any particular public truck or in time for any particular market or otherwise than with due dispatch, unless by agreement that is specifically endorsed in the contract of carriage and signed by the parties.

7. Routing by Carrier

If the carrier forwards the goods by a conveyance that is not a public truck, the liability of the carrier is the same as though the entire carriage were by public truck.

8. Stoppage in Transit

If goods are stopped and held in transit at the request of the party entitled to so request, the goods are held at the risk of that party.

9. Valuation

Subject to Article 10, the amount of any loss or damage for which the carrier is liable, whether or not the loss or damage results from negligence, shall be the lesser of,

- i. the value of the goods at the place and time of shipment, including the freight and other charges if paid, and
- ii. \$4.41 per kilogram computed on the total weight of the shipment.

10. Declared Value

If the consignor has declared a value of the goods on the face of the contract of carriage, the amount of any loss or damage for which the carrier is liable shall not exceed the declared value.

11. Consignor's Risk

- i. If it is agreed that the goods are carried at the risk of the consignor, that agreement covers only such risks as are necessarily incidental to the carriage and the agreement does not relieve the carrier from liability for any loss or damage or delay that results from the negligence of the carrier or the carrier's agents or employees.
- ii. The burden of proving absence of negligence shall be on the carrier.

12. Notice of Claim

- i. No carrier is liable for loss, damage or delay to any goods carried under the contract of carriage unless notice of the loss, damage or delay setting out particulars of the origin, destination and date of shipment of the goods and the estimated amount claimed in respect of such loss, damage or delay is given in writing to the originating carrier or the delivering carrier within 60 days after delivery of the goods or, in the case of failure to make delivery, within nine months after the date of shipment.
- ii. The final statement of the claim must be filed within nine months after the date of shipment, together with a copy of the paid freight bill.

13. Articles of Extraordinary Value

- i. No carrier is bound to carry any documents, specie or articles of extraordinary value unless by a special agreement to do so.

- ii. If such goods are carried without a special agreement and the nature of the goods is not disclosed in the contract of carriage, the carrier shall not be liable for any loss or damage in excess of the maximum liability stipulated in Article 9.

14. Freight Charges

- i. If required by the carrier, the freight and all other lawful charges accruing on the goods shall be paid before delivery.
- ii. If upon inspection it is ascertained that the goods shipped are not those described in the contract of carriage, the freight charges must be paid upon the goods actually shipped with any additional charges lawfully payable on the freight charges.
- iii. If a consignor does not indicate that a shipment is to move prepaid, or does not indicate how the shipment is to move, it will automatically move on a collect basis.

15. Dangerous Goods

Every person, whether as principal or agent, shipping dangerous goods without previous full disclosure to the carrier as required by law shall indemnify the carrier against all loss, damage or delay caused by the failure to disclose and such goods may be warehoused at the consignor's risk and expense.

16. Undelivered Goods

- i. If, through no fault of the carrier, the goods cannot be delivered, the carrier shall immediately give notice to the consignor and consignee that delivery cannot be made and shall request disposal instructions.
- ii. Pending receipt of disposal instructions,
 - A. the goods may be stored in the warehouse of the carrier, subject to a reasonable charge for storage, or
 - B. if the carrier has notified the consignor of this intention, the goods may be removed to and stored in a public or licensed warehouse at the expense of the consignor, without liability on the part of the carrier, and subject to a lien for all freight and other lawful charges, including a reasonable charge for storage.

17. Return of Goods

If a notice has been given by the carrier pursuant to paragraph i of Article 16, and no disposal instructions have been received within 10 days after the date of such notice, the carrier may return to the consignor, at the consignor's expense, all undelivered shipments for which such notice has been given.

18. Alterations

Subject to Article 19, any limitation in the contract of carriage on the carrier's liability and any alteration to the contract of carriage shall be signed or initialled by the consignor and the originating carrier or their agents and, unless signed and initialled, shall be without effect.

19. Weights

- i. It shall be the responsibility of the consignor to show correct shipping weights of the shipment on the contract of carriage.
- ii. If the actual weight of the shipment does not agree with the weight shown on the contract of carriage, the weight shown on the contract of carriage may be corrected by the carrier.

20. C.O.D. Shipments

Advice to council re lease financing agreements

10. (1) Before a municipality enters into a lease financing agreement, the municipality shall,

- (a) have its treasurer prepare a report with a recommendation, assessing, in the opinion of the treasurer, the costs and financial and other risks associated with the proposed agreement, including,
 - (i) a comparison between the fixed and estimated costs and the risks associated with the proposed agreement and those associated with other methods of financing,

(3) At any time after a report under subsection (1) is made, but before the proposed lease financing agreement is entered into, if the treasurer becomes of the opinion that a changed circumstance with respect to the proposed agreement may result in a material impact for the municipality, the treasurer shall as soon as is reasonably possible update the report and present the updated report to the council.

(4) A report made under subsection (1) shall summarize the information required by that subsection for the entire term of the proposed lease financing agreement, including any possible extensions or renewals.

- (b) in the opinion of the treasurer and the council, the proposed agreement is within that category, and its costs and risks, in combination with all the others agreements of that category entered into or proposed to be entered into in that year by the municipality, would not result in a material impact for the community.

“costs” includes the costs of any advice obtained under clause (1) (b) or (c).

 5. In any other case, the current value of the land is the value determined under paragraph 2.
- (2) For the purposes of paragraph 2 of subsection (1), the value of the land is determined as follows:
1. Determine whether the municipality or locality in which the land is located is listed in Column 2 of Table 1 to Part IX.1 of this Regulation. If it is, take the step described in paragraph 2. If it is not, take the steps described in paragraphs 4 and 5.
 2. If the municipality or locality is listed in Column 2 of Table 1, determine whether the land band for the land, as assigned by the assessment corporation, is listed in Column 3 of Table 1 for the applicable municipality or locality. If it is, take the steps described in paragraphs 3 and 5. If it is not, take the steps described in paragraphs 4 and 5.
 3. For land located in a municipality or locality listed in Column 2 of Table 1 and assigned to a land band listed in Column 3 of Table 1, identify the applicable value per acre of the land as set out in Column 4 of Table 1.
 4. For any other land, identify the applicable value per acre of the land as set out in Column 2 of Table 2 to Part IX.1 of this Regulation using the land band assigned to the land by the assessment corporation.
 5. The value of the land is calculated by multiplying the applicable value per acre of the land by the acreage.
- (3) In this section,

“land band” means a geographic area in which similar farm properties sell for similar prices, as determined by the assessment corporation under subsection 19 (5) of the Act.

CURRENT VALUE WHERE PARCEL CONTAINS LAND IN BOTH MANAGED FORESTS AND ANOTHER PROPERTY CLASS

32.2 (1) This section applies if a parcel of land contains both land in the managed forests property class and land in another property class.

1. Determine the current value of the land in the managed forests property class under subsection 19 (5.2) of the Act.
2. Determine the current value of the land in the managed forests property class under section 32.1 of this Regulation.
3. Subtract the amount determined under paragraph 2 from the amount determined under paragraph 1. If the amount determined under paragraph 2 is greater than the amount determined under paragraph 1, the amount calculated under this paragraph is deemed to be zero.
4. Subtract the amount calculated under paragraph 3 from the current value of the entire parcel of land.
5. The amount calculated under paragraph 4 is the current value of the land.

2. The Regulation is amended by adding the following Part:
